[APPLICABILITY TO SOUTH WEST AFRICA UNCERTAIN]

[Portions of the Act were brought into force in South Africa as of 1 May 1979 by RSA Proc. R80/1979 (RSA GG 6416):]

["I hereby declare that all the provisions of the said Act except -]

[(a) the definitions of “Stud Book Association” and “livestock breeders’ society” in section 1;]

[(b) section 9(3)(b) in so far as it relates to other animals than those of which the pedigree and performance records have been evaluated in terms of a scheme, irrespective of whether the scheme concerned was established under the said Act or not;]

[(c) sections 18, 19, 20, 21, 22, 23, 30(1)(q), (r) and (s), 34(1)(k) and 36;]

[(d) sections 30(1)(i) in so far as it relates to section 30(1)(q), (r) and (s); and]

[(e) section 37 in so far as it relates to -]

[(i) the Registration of Pedigree Livestock Act, 1957 ([Act 28 of 1957](#));]

[(ii) the Registration of Pedigree Livestock Amendment Act, 1962 ([Act 27 of 1962](#)); and]

[(iii) the Registration of Pedigree Livestock Amendment Act, 1967 ([Act 1 of 1967](#));]

[shall come into operation on 1 May 1979.”]

[The 1993 judgement of S v Lofty-Eaton & Others (1) 1993 NR 370 (HC) (dated 1 November 1993) found that the Act had never been brought into operation in South West Africa by proclamation, as section 38 of the Act requires. However, the Act was amended in independent Namibia in 1993, and the Ministry continues to issue subsidiary notices under the Act as if it were in force.]

[APPLICABILITY TO SOUTH WEST AFRICA: Section 1 defined “Republic” to include “the territory”, which was defined as “the territory of South West Africa”. Section 35 stated “This Act and any amendment thereof shall apply also in the territory of South West Africa, including the Eastern Caprivi Zipfel.” However, section 38 stated that the Act would come into operation only on a date fixed by the State President by Proclamation in the South African Government Gazette.]

[Portions of the Act were brought into force in South Africa by the State President with effect from 1 May 1979 by RSA Proc. R80/1979 (RSA GG 6416). The State President was acting in terms of section 38 of the Act, which was excluded from transfer to South West Africa, and so had the authority to bring the Act into force with respect to South West Africa. However, the Proclamation which brought the Act into force in part in South Africa does not appear to have been applicable to South West Africa because it occurred after the date of transfer and yet made no explicit reference to South West Africa or to the consent of the South West African Administrator-General. Section 3(4) of the Executive Powers Transfer (General Provisions) Proclamation, AG 7 of 1977, provides as follows:]

[“(4) Any proclamation, regulation or rule which is issued or made after the commencement of any transfer proclamation by, or on the authority of, the State President or Minister under a law which at such commencement applies both in the territory and in the Republic, and which is published in the Government Gazette of the Republic, shall, notwithstanding the provisions of subsection (1) apply in the territory if such proclamation, regulation or rule or the notice by which it is so published, contains a statement that it was or is issued or made with the consent of the Administrator-General, and applies also in the territory: Provided that for the purposes of the application of such proclamation, regulation or rule in the territory, the provisions of subsection (1) shall apply [which provides inter alia that a reference to the State President in a law covered by a transfer proclamation shall be construed as a reference to the Administrator-General].” (emphasis added)]

*[A possible counterargument might be that the Act did not “apply” in both South Africa and South West Africa before it was brought into force and so did not fall under section 3(4). However, it should be noted that the post-independence case of *S v Lofty-Eaton & Others (1) 1993 NR 370 (HC)* drew a distinction between “applying” and being “operative”, and found that the Act is not actually in force in Namibia:]*

[“The problem is that s 35 applied the Act to Namibia, but did not make it operative in Namibia because s 38 of the said Act provided:]

[‘(1) This Act shall be called the Livestock Improvement Act, 1977, and shall come into operation on a date to be fixed by the State President by proclamation in the Gazette.]

[(2) Different dates may be fixed under s (1) in respect of different provisions of this Act.‘]

[The proclamation which put part of the said Act into operation was Proc R80 of 1979, but only in South Africa. It must be assumed that the State President deliberately did not put the Act into operation in Namibia. He could have done so by merely stating in Proc R80 of 1979 that Proc R80 of 1979 applies in the territory of South West Africa, and is made with the consent of the Administrator-General.]

[Even in South Africa the said Livestock Improvement Act was passed and assented to by the State President and published in Government Gazette 5462 of 23 March 1977. Part of it was, however, only put into operation in South Africa by Proc R80 of 1979 on 1 May 1979.]

[The question is why? Again the answer is obvious. It was provided for in the Act itself that a large number of administrative organs and the appointment of officials to carry on the day-to-day administration of the Act would be in place once it, or a relevant part of it, would come into operation. So, for example:]

[(a) The Minister had to appoint 16 members to the Advisory Board in s 3 of that Act, of which two had to be officers of the Department of Agriculture and one had to be an officer of the Department of Agriculture, Economics and Marketing.]

[(b) The Minister had to appoint a Registrar in terms of s 4 of that Act.]

[(c) The Registrar had to invite a list of names of three persons to be submitted to him by each one of the 13 associations, Boards or companies contemplated in s 3(2)(b)(i)-(xiii).]

[(d) The Minister had to appoint the executive committee of the Studbook Association and the other committees contemplated in s 3(5)(c)(i)-(iii) read with s 16(2)(b).]

[(e) A register had to be prepared as contemplated in s 5 of the Act.]

[(f) Notices as contemplated in s 2 and regulations contemplated in s 34 had to be prepared to be ready for promulgation before, on or shortly after the date on which the Livestock Improvement Act had come into operation.]

[(g) The application forms in terms whereof one could apply for -]

[(i) registration as an inseminator;]

[(ii) registration of premises as an artificial insemination centre;]

[(iii) a certificate for the approval of an animal to collect semen;]

[(iv) the renewal of a registration of an artificial insemination centre;]

[(v) the renewal of certificates in respect of animals for the collection of ova, and the like - see, for example, the numerous forms and certificates contemplated in Schedules I-XVI of Government Gazette 6416, dated 27 April 1979.]

[It is important to note that, when a law provides for certain organs and procedures to be established without which the Act cannot be implemented properly, the Legislature usually provides that the law will only become `operative`, as distinguished from `applicable`, on a date to be determined by the President, Administrator, Minister or similar entity by proclamation or notice in the Gazette.]

[The Legislature that enacts an Act may even provide for bringing different parts of an Act into operation on different dates, as was the case in the Livestock Improvement Act, 1977. This last procedure should of course only be used if the various sections or parts of such an Act are severable and would not be applicable to s 16(1) and (2)(a) and (b) of the Livestock Improvement Act 1977 and its various parts.]

[That an Act is capable of being administered (notwithstanding the fact that it has not as yet come into operation) is furthermore explicitly envisaged in s 12(3) of the Interpretation of Laws Proclamation 37 of 1920 [OG 35], which provides as follows:]

[`3) Where a law confers a power -]

[(a) to make any appointments; or]

[(b) to make ... rules, regulations or by-laws; or]

[(c) to give notices; or]

[(d) to prescribe forms; or]

[(e) to do any other act or thing for the purpose of the law,]

[that power may, unless the contrary intention appears, be exercised at any time after the passing of the law so far as may be necessary for the purpose of bringing the law into operation at the commencement thereof, subject to this restriction that any instrument ... rules, regulations or by-laws made ... under the power shall not ...come into operation until the law comes into operation.' (My emphasis.)]

[See also s 14 of the equivalent South African Act 33 of 1957, and S v Manelis 1965 (1) SA 748 (A) at 753.]

[It is common cause between the State and defence that at the time of the alleged offences, ie in April 1993, about six years after the Act was passed, the crucial organs and procedures for receiving, considering and deciding applications for written authorisation to import, as provided for in s 16 of the said Act, had still not been established in Namibia.]

[Mr Small is correct in contending that the Administrator-General had the power himself to declare the Act operative in Namibia, but for that an AG proclamation expressly stating that the Act is operative from a certain date would have been necessary. I do not understand Mr Small to contend that such an AG proclamation was ever issued. (This appears to be incorrect. Section 3(1)(h) of the transfer proclamation excluded section 38 from the operation of section 3(1) of the Executive Powers Transfer (General Provisions) Proclamation, AG 7 of 1977, meaning that the reference to the State President in section 38 was not to be construed as referring to the Administrator-General.)]

[In conclusion on this issue I must point out that the provision in an Act of Parliament that the date of operation is to be decided on and promulgated by an organ of the Executive may be regarded as an administrative function or as delegated legislation or a combination of both. In all instances, however, the decision to declare operative, and the declaration itself, must comply with the provisions of the enabling Act, and must in itself be reasonable and not ambiguous, particularly where it provides for criminal offences and criminal sanctions for non-compliance with the provisions of the Act.]

[To declare an Act operative, when essential organs or procedures for complying with the law and for avoiding a

contravention and avoiding criminal sanctions are not yet established, appears to me not only to be ultra vires the enabling Act but in conflict with art 18 of the Namibian Constitution. See also art 21 of the Namibian Constitution; Steyn Die Uitleg van Wette 5th ed at 238-49.]

[Even if the State President, or the Administrator-General in this instance, declared the Act as a whole or parts of it operative at any point in time, when the organs and procedures to be set up under s 16 were not yet established, it seems to me that such declaration would in itself be ultra vires or unconstitutional, particularly insofar as it purported or purports to make s 16(1) and 16(2)-(8) of the said Act operative.”]

[TRANSFER TO SOUTH WEST AFRICA: The administration of this Act was transferred to South West Africa by the Executive Powers (Agricultural Technical Services) Transfer Proclamation, AG 11 of 1978, dated 2 March 1978.]

[Section 3(1)(h) of the transfer proclamation excluded section 4(1), the references to the Minister in section 33, and section 38 of the Act from the operation of section 3(1)(c) of the Executive Powers Transfer (General Provisions) Proclamation, AG 7 of 1977. Section 3(2) of the transfer proclamation excluded the Act from the operation of section 3(1)(c) of the Executive Powers Transfer (General Provisions) Proclamation, AG 7 of 1977, meaning that Republic retained the meaning given to it in the definition section of the Act (South Africa and South West Africa).]

[The provisions of the Act relating to the Advisory Board for Animal Production were excluded from transfer by section 3(2)(b) of the Executive Powers Transfer (General Provisions) Proclamation, AG 7 of 1977, which exempted from the operation of section 3(1) “those provisions of any law ... which provide for or relate to the institution, constitution or control of any juristic person or any board or any other body of persons that may exercise powers or perform other functions in or in respect of both the territory and the Republic”.]

[There was only one amendment to the Act in South Africa after the date of transfer and prior to Namibian independence – the Livestock Improvement Amendment Act 31 of 1984 (RSA GG 9168) – which was not made expressly applicable to South West Africa.]

[The Act was substantially amended after Namibian independence (and after the High Court ruling on the Act) by Act 25 of 1993 (GG 753), which establishes a Livestock Improvement Board. The Ministry has also issued notices under the Act in recent years, indicating that Government believes the Act to be operative in Namibia.]
