[Paragraph (gC) is inserted by Ord. 11 of 1973. The full stop at the end should be a semicolon now that it is no longer the last paragraph in subsection (2).]

[Paragraph (h) is amended by Ord. 13 of 1970. It is not entirely clear from Ord. 13 of 1970 if the proviso was intended to apply only to paragraph (h) or to the entire list of functions of the board in subsection (2). The relevant part of Ord. 13 of 1970 is section 4(c), which reads as follows (with the spacing of the substituted text reproduced as it appears in the Official Gazette):

"4. Section 12 (2) of the principal Ordinance is hereby amended -

(c) by the substitution in paragraph (h) -

(i) for the word 'duties' of the word 'functions';

- (2) A resolution passed under the foregoing sub-section shall not take effect unless and until it is approved by the Minister, and the Minister in giving his approval may vary the extent of the land to be included in the area to which the resolution applies, but the Minister shall not approve any such resolution unless he is satisfied -
 - (a) in the case of any land already built upon, that public improvements are likely to be made, or other development is likely to take place, within such a period of time and on such a scale as to make the inclusion of the land in a scheme expedient, or that the land comprises buildings or other objects of architectural, historic or artistic interest, or that the land is so situate that the general object of the scheme would be better secured by its inclusion; and
 - (b) in the case of land which is neither already built upon nor in course of development, not likely to be developed, that the land is so situated in relation to land which is already built upon, or in course of development, or on which development is likely to take place, as to make its inclusion in a scheme expedient, or that it comprises objects or places of natural interest or beauty.
- (3) A resolution of a local authority or joint committee to prepare a scheme may be revoked, either as to the whole or any part of the area to which it applies, by a subsequent resolution of the authority or committee or, if the Minister thinks that in the special circumstances of the case the resolution should be so revoked, by order of the Minister: Provided that -
 - (a) a resolution under this sub-section shall require the approval of the Minister, and the Minister may refuse to approve it except subject to such condition as he thinks fit to impose; and
 - (b) before making an order under this sub-section the Minister shall inform the local authority or joint committee, as the case may be, of the order which he proposes to make and, if within one month the authority or committee requests him so to do, he shall cause an enquiry to be held into the matter by the board.
- (4) The provisions of sub-section (3) shall not apply in the case of an approved scheme.

17.

- (1) Where a resolution to prepare a scheme has taken effect the local authority or, as the case may be, the joint committee which passed the resolution shall publish a notice of the resolution in two consecutive issues of the Gazette and in a newspaper circulating in the area or areas of the local authority or authorities concerned, at least once during each of two successive weeks, with an interval between each publication of at least six clear days, the first publication being not more than fourteen days after the receipt of the Minister's approval.
- (2) A notice required by sub-section (1) shall contain a concise statement of the effect of the resolution, together with information as to the place and times at which a map defining the area to which the resolution applies, may be inspected.

18.

- (1) Every scheme shall define the area to which it applies and specify in accordance with the provisions of the next succeeding sub-section, the authority or authorities who are to be responsible for enforcing and carrying into effect the provisions of the scheme, and -
 - (a) shall contain such provisions as are necessary or expedient for prohibiting or regulating the development of land in the area to which the scheme applies and generally for carrying out any of the object for which the scheme is made, and in particular for dealing with any of the matters

mentioned in the Second Schedule to this Ordinance; and

- (b) where it is expedient in order to promote proper planning or development, may provide for suspending the operation of any provision of law or any by-law or regulation made under any such law, in so far as such provision is similar to or inconsistent with any of the provisions of the scheme.
- (2) A scheme shall specify the authority which is to be responsible for all the purposes of the scheme and such authority may be the local authority which prepared the scheme or, where the scheme was prepared by a joint committee, either the constituent local authorities in their respective areas, or the joint committee.

19.

- (1) The provisions to be inserted in a scheme with respect to buildings and building operations may include provisions -
- (a) prescribing the space about buildings;
 - (b) limiting the number of buildings;
 - (c) regulating or enabling the local authority to regulate the size, height, design and external appearance of buildings;
 - (d) imposing restrictions upon the manner in which buildings may be used including, in the case of dwelling houses, the letting thereof in separate tenements; and
 - (e) prohibiting building operations or regulating such operations in respect of matters other than those specified in this sub-section:

Provided that, where a scheme contains a provision enabling the responsible authority to regulate the design or external appearance of buildings, the scheme must also provide that any person aggrieved by any decision of the responsible authority under such provision shall have a right of appeal to the Minister against such decision and the grounds of such an appeal may include the ground that compliance with the decision would involve an increase in the cost of the building which would be unreasonable having regard to the character of the locality and of the neighbouring buildings.

- (2) (a) Where the provisions of a scheme prohibit or restrict building operations on land situate in any undeveloped part or parts of the area pending the extension thereto of road, sewer, water supply, light or other necessary public services, the owner of any such land who desires to commence thereon any building operations which would contravene any such prohibition or restriction may, in accordance with such directions, if any, as may be contained in the scheme, apply to the responsible authority for its consent to the carrying out of the operations specified in the application.
- (b) The responsible authority shall in deciding any such application have regard to any injury likely to be caused to the applicant by the refusal of the application, as well as to any public advantage likely to result from the maintenance of the prohibition or restriction, and may if it is satisfied that the proposed operations will not contravene any permanent provisions of the scheme, grant the application unconditionally or subject to such conditions as it may think proper to impose: Provided that the responsible authority shall not refuse such application unless it is satisfied that other land suitable for such building operations as are specified in the application is available on reasonable terms and either -
- (i) that the operations would involve danger or injury to health by reason of the lack of roads, sewers, water supply or any public services and that the provision of the necessary services would be premature or likely to involve excessive expenditure of public money; or
 - (ii) that the operations would be likely seriously to injure the amenity of the locality.
- (c) No compensation shall be payable under this Ordinance in respect of the refusal by the responsible authority of any application made under this sub-section, but any person who is aggrieved by the

refusal of any such application aforesaid, or by any condition imposed by the responsible authority, may within twenty-eight days from the date on which he received notice of the decision of the responsible authority, or such longer period as the Minister may allow, appeal to the Minister in writing and the Minister may dismiss or allow the appeal, either unconditionally, or subject to such conditions as he thinks proper to impose.

- (3) A scheme may include a schedule setting out the use or uses to which any land or building was being put at any given date, and upon such scheme coming into operation it shall be presumed until the contrary is proved that such land or building was being put to the particular use mentioned at the said date.
- (4) The provisions to be inserted as aforesaid may -
 - (a) differ as respects different parts of the area to which the scheme applies; and
 - (b) be made applicable, either with or without modifications, to existing buildings as well as to future buildings.

20.

While a scheme is in course of preparation the local authority or joint committee may from time to time consult the board regarding any matter connected therewith: Provided that whenever thereto required by the board the local authority or, as the case may be, the joint committee shall disclose to the board its proposals so far as they are then known and if the board is of opinion that such proposals ought to be varied or modified the local authority or committee shall give effect to such variation or modification but subject to a right of appeal to the Minister whose decision shall be final.

21.

A scheme prepared by a local authority or joint committee shall require the approval of the Minister: Provided that before its submission to the Minister the draft scheme shall be adopted by the resolution of the local authority or joint committee at a meeting of which special notice indicating the business to be transacted has been given to each member.

22.

After the preparation of a scheme and its adoption as in section twenty-one provided, the same shall be submitted to the Minister under cover of an application for his approval of the scheme. The scheme shall be presented in such form as shall be prescribed by the regulations and shall be accompanied by such maps, plans, documents and other relevant matters as may be required in terms of the regulations.

23.

24.

Every owner or occupier of immovable property within the area to which the scheme applies or other person having a sufficient interest therein, shall have a right of objection to the scheme: Provided that any objection shall be in writing and shall set out briefly the grounds of objection and be lodged with the board's secretary

- (2) At the hearing of the application the local authority or joint committee, as the case may be, and any objector may be represented by counsel or attorney and the hearing shall be open to the public.

26.

- (1) After consideration of the report and the recommendations submitted to him by the board the Minister may refuse to approve of the scheme, or he may approve it either with or without modifications: Provided that before refusing approval or making any modification he shall inform the local authority or joint committee, as the case may be, of his intended refusal or as the case may be, of the modification which he proposes to make and if, within a period of one month the local authority or joint committee requests him so to do, he shall delay his decision pending the submission to him by the local authority or joint committee of such representations as it may desire to make.
- (2) After the approval of a scheme the Minister shall give notice of such approval in the Gazette and such scheme shall come into operation upon the publication of such notice, and thereafter be referred to as an approved scheme.

[subsection (2) amended by Act 27 of 1993; the amendment markings are incomplete]

- (3) The Minister shall cause true copies of every approved scheme to be lodged with the Surveyor-General and the Registrar of Deeds.

27.

- (1) An approved scheme may be varied, otherwise than by way of extension of the area to which the scheme applies, or it may be revoked, by a subsequent scheme prepared and approved in accordance with this Ordinance and any regulations made thereunder: Provided that the Minister may, at the request of the local authority or joint committee, as the case may be, in respect of any such variation or revocation, grant exemption from compliance with the provisions of sections 7(2) and 15, subject to such conditions as the Minister may deem necessary.

[subsection (1) substituted by Ord. 10 of 1977]

- (2) The Minister, on an application made in accordance with the provisions of sub-section (3), may, if he thinks that in the special circumstances of the case a scheme ought to be varied or revoked, himself make a scheme varying or revoking that scheme: Provided that the Minister shall not make any variation in a scheme unless he is satisfied that it will not involve substantial additional expenditure by any responsible authority under the scheme which objects to the variation being made: Provided, further, that in the exercise of the authority conferred upon him by this sub-section the Minister shall comply with the provisions of the proviso to sub-section (1) of section twenty-six, mutatis mutandis.

A scheme made by the Minister under this sub-section shall, for the purposes of this Ordinance, be deemed to have been prepared by such local authority or joint committee as may be specified in the

scheme.

- (3) An application to the Minister under this section may be made by any authority which is a responsible authority for any purposes of the scheme which it is proposed to vary or revoke, or by any joint committee appointed for the purpose of preparing a scheme in respect of an area comprising land to which the first mentioned scheme applies, or by any other authority or person who appears to the Minister to be concerned.
- (4) Every approved scheme shall be reviewed periodically at intervals of not more than five years with a view to its variation or revocation in terms of sub-section (1): Provided that the Minister may on application extend the interval in any case upon such conditions as he may deem proper.
- (5) Notwithstanding anything hereinbefore contained if in an approved scheme errors or omissions are found which in his opinion are not of a material nature, the Minister may authorise their rectification without compliance with any of the provisions of this section.

28.

- (1) Upon the coming into operation of an approved scheme the responsible authority shall observe and enforce the observance of all the provisions of the scheme.
- (2) Subject to the provisions of this Ordinance, the responsible authority may at any time -
 - (a) remove, pull down or alter, so as to bring it into conformity with the provisions of the scheme, any building or other structural work which was in existence when the scheme came into operation and which does not conform to those provisions, or the demolition or alteration of which is necessary for carrying the scheme into effect; or

 - (d) where any land has since the scheme came into operation been put to any use which contravenes any provision of the scheme, reinstate the land; or

- (3) Before taking any action under sub-section (2) the responsible authority shall serve a notice on the owner and on the occupier of the building or land in respect of which the action is proposed to be taken and on any other person who, in its opinion, may be affected thereby, specifying the nature of, and the grounds upon which it proposes to take that action.
- (4) Where a building or work which the responsible authority proposes to remove, pull down or alter under this section was in existence, or where a building or land the use of which it proposes to prohibit was being put to use for the same purpose, before the scheme came into operation, the responsible authority shall serve the notices referred to in sub-section (3) not less than six months before it takes any action and, in any other case, one month before it takes any action.
- (5) Except where the responsible authority removes, pulls down or alters a building or work which was in existence before the scheme came into operation, any expenses reasonably incurred by the responsible authority under sub-section (2) may be recovered as a civil debt from the person in default.

29.

The responsible authority may with the prior approval of the Minister purchase or exchange other land by agreement for any land or any interest in land to which the scheme applies, which it requires for any of the purposes of the scheme. If it is unable to purchase by agreement such land or interest in land it may, with prior approval of the Minister, under the provisions of the Expropriation of Lands Ordinance, 1937, expropriate the same as though it were a municipal council.

30.

- (1) Subject to the provisions of this Ordinance, the responsible authority under an approved scheme may by written notice call upon any owner of land in the area to which the scheme applies -
 - (a) to take such steps as may be necessary to vary the existing sub-division or lay-out of such land in order to bring it into conformity with the provisions of the scheme;

- (2) Upon being satisfied that it is proper to do so the Surveyor-General and the Registrar of Deeds shall give effect to the requirements of paragraph (b) of sub-section (1).
- (3) Any expense necessarily incurred by an owner of land referred to in sub-section (1) shall be borne by the responsible authority.

32.

 - (a) there is still outstanding any claim for compensation duly made thereunder; or
 - (b) the time originally limited for making such a claim has not expired;

any such outstanding claim and any such claim made within the time so limited shall be entertained and determined and may be enforced in the same manner in all respects as if all the provisions of the earlier scheme had continued in operation.

34.

- (1) Where by the coming into operation of any provision contained in a scheme, or by the execution by a responsible authority of any work under a scheme, any property is increased in value, the responsible authority, if within twelve months after the date on which the provision came into operation, or such longer period as may be specified in the scheme, or within twelve months after the completion of the work, as the case may be, it makes a claim in that behalf, may recover from the person whose property is so increased in value an amount not exceeding seventy-five per cent. of the amount of that increase.
- (2) Any sum recoverable under this section may be paid immediately or, subject to the amount being secured by a mortgage bond, may be paid by such instalments spread over a period not exceeding thirty years as may be agreed or determined under this Ordinance, and where payment is made by instalments interest at such rate as may from time to time be fixed by the Minister shall be chargeable on the aggregate amount of the instalments for the time being outstanding, subject to the payment of the balance of the amount owing at any time upon not less than six months' notice in writing, together with interest up to the date of payment: Provided that in any case of undue hardship being shown to his satisfaction, the Minister may order that payment under the mortgage bond inclusive or exclusive of interest as fixed by the Minister as aforesaid, shall be deferred until such time as the Minister may determine but subject to such conditions as he may prescribe.
- (3) Any question arising as to the right of a responsible authority to recover any amount in respect of an increase in the value of any property, or the amount and manner of payment shall be dealt with as in section thirty-five provided.

- (2) Subject to the provisions of this Ordinance a claim under this Ordinance for compensation may be made within twelve months after the date on which the provision giving rise to the claim came into operation, or, the claim is a claim for compensation in respect of an action taken by a responsible authority under section twenty-eight or in respect of expenditure rendered abortive by the variation or revocation of a scheme, within six month after the date on which the action was completed or the variation or revocation of the scheme became operative.
- (3) Where it is alleged that property has been injuriously affected by the execution of any work, the period within which a claim in respect of that injurious affection may be made shall be a period of six months after the completion of the work.
- (4) Notwithstanding the provisions of this section, the Minister may extend the period within which a claim for compensation may be made, if he is satisfied that the failure to make the claim within the prescribed period was due to absence from Namibia or any other reasonable cause.

37.

- (1) The responsible authority may, at any time within three months from the date of an award of compensation under this Ordinance in respect of the injurious affection of any property, give notice to the claimant of its intention to withdraw or modify all or any of the provisions of the scheme which give rise to the claim for compensation.
- (2) Where such a notice has been given, the responsible authority shall, within six weeks from the date of the notice, submit for the approval of the Minister a varying scheme carrying into effect such withdrawal or modification as aforesaid, and upon the varying scheme as approved by the Minister, with or without modifications, coming into operation, and upon payment by the authority of the claimant's costs of and in connection with the proceedings under the Arbitration Proclamation 1926, shall be discharged, without prejudice, however, the right of the claimant to make a further claim for compensation under paragraph (c) of section thirty-two in respect of the scheme as varied.
- (3) No award of compensation under this Ordinance in respect of the injurious affection of any property shall be enforceable before the expiration of six weeks from the date thereof, or, if a notice has been given by the authority under sub-section (1) of this section, until after the expiration of three months from the date of the notice, or, if within that period a varying scheme is submitted to the Minister, until that scheme has either come into operation or been disapproved by the Minister.

38.

- (2) If there is any dispute as to the amount for the time being owing on the security of any mortgage on land, the compensation payable to the owner of such land shall be held by the responsible authority until one or other of the parties to such dispute has obtained a final order of court determining the amount so owing.

39.

- (1) Where at any time after a resolution to prepare a scheme has taken effect it appears to the local authority or, as the case may be, the joint committee, that in the area to which the scheme is to apply, any projected building or alteration of or addition to any building or any other proposed work of any nature or description whatsoever would not conform to or would interfere with the amenities of the neighbourhood, or would be in contravention of the scheme in course of preparation, the local authority or, as the case may be, the joint committee may prohibit the construction, alteration or addition or other proposed work or may authorise the same on specified conditions: Provided that no authority shall be granted which would operate in conflict with any of the provisions of the scheme in course of preparation.
- (2) Where a resolution to prepare a scheme has taken effect and the local authority or, as the case may be, the joint committee is satisfied that since the date upon which the resolution took effect there has been an alteration in the use of any land or building situate in the area to which the scheme is to apply, and it appears to the local authority or, as the case may be, the joint committee that such new use does not conform to or interferes with the amenities of the neighbourhood or is in contravention of any provision of the scheme in course of preparation, such local authority or joint committee may prohibit such use.
- (3) If in the circumstances mentioned in sub-section (2), the local authority or, as the case may be, the joint committee is satisfied that the use to which any land or building situate in the area to which the scheme is to apply, is being put does not conform to or conflicts with the use to which such land or building may be put under the scheme in course of preparation, the local authority or, as the case may be, the joint committee may prohibit such use: Provided that no prohibition may be made in terms of this sub-section in relation to any use to which the land or building was being put before the resolution to prepare the scheme took effect.
- (4) Any person aggrieved by any decision or order of the local authority or, as the case may be, the joint committee under this section may, within twenty-eight days of such decision or order being made, give notice to the local authority or the joint committee of his intention to appeal to the Minister and upon appeal to him the Minister may make such order as he thinks fit: Provided that, at any time after the expiry of two years from the making of any decision or order of the local authority, or, as the case may be, the joint committee, and whether or not any appeal shall have been made to the Minister, any such person may apply to the Minister to review such decision or order, whereupon he, the Minister, may make such order as he may deem fit.
- (5) If any building, alteration, addition or other work is carried out in contravention of any prohibition or condition imposed under this section the local authority or, as the case may be, the joint committee may cause such building, alteration, addition or other work to be pulled down, demolished and destroyed, and may recover the expenses thereby incurred by it from the person responsible for the construction of the building, or the alteration, addition or other work, irrespective of any criminal proceedings which may have been or may be instituted under section forty-eight.
- (6) No compensation shall be payable in respect of the exercise by a local authority or joint committee of its powers under this section.

40.

41.

- (1) Any expenses incurred by a local authority under this Ordinance may be defrayed from the general rate or out of moneys borrowed for the purpose with the prior approval of the Minister.
- (2) It shall be lawful for a local authority to contribute towards the expenses of any authority in or in

connection with matters preliminary to a scheme, or in connection with the preparation or carrying into execution of a scheme.

42.

All sums received by a responsible authority by way of betterment, or as proceeds of sale of any land purchased under the powers conferred by this Ordinance, shall be applied in such manner as the Minister may approve, towards the discharge of any debt of the responsible authority, or otherwise for any purpose for which capital money may be applied.

43.

- (1) If the Minister is satisfied after such enquiry as he may deem necessary, that a scheme ought to be prepared by a local authority with respect to any land, he may by order require the local authority to prepare a scheme and to take such other steps as may be necessary for bringing it into operation, and the order of the Minister shall have the same effect as a resolution to prepare a scheme for the area to which the order relates passed by the local authority and approved by the Minister.
- (2) If the local authority fails to prepare a scheme to the satisfaction of the Minister within such time as may be specified in the order, or to take any other steps which it is required by this Ordinance, or by the regulations made under this Ordinance, to take, the Minister may direct and empower the board to act in the place and at the expense of that local authority for the preparation of a scheme or in combination with any other local authority or authorities in the preparation of a joint scheme.
- (3) If the Minister is satisfied after such enquiry as he may deem necessary, that a responsible authority has failed to enforce effectively the observance of a scheme which has come into operation or any provisions of such scheme (whether being a scheme made under this Ordinance, or being a scheme made under any Ordinance repealed by this Ordinance) or to execute any work or to do any thing which under the scheme or this Ordinance the responsible authority is required to execute or do, the Minister may by order which shall be enforceable by mandamus, require the responsible authority to do all things necessary for remedying its default and for carrying into execution the scheme or, if he thinks fit, he may direct and empower the board to act in the place and at the expense of the responsible authority.
- (4) Any expenses incurred by the board in exercising under this section any powers of a local authority or a responsible authority shall be paid, in the first instance, out of moneys provided by the Parliament, but the amount of those expenses as certified by the Minister shall, on demand, be paid by the local authority or, as the case may be, the responsible authority to the Minister and shall be recoverable as a debt due to the Administration.
- (5) The payment of any such expenses as aforesaid shall, to such extent as may be sanctioned by the Minister, be a purpose for which a local authority may borrow money in accordance with the provisions of section forty one.
- (6) In the exercise of any powers conferred upon it under this section the board shall have all the powers and shall be charged with all duties conferred or imposed upon the local authority or, as the case may be, the responsible authority in respect of the preparation of a scheme or the enforcement of a scheme, or both.
- (7) The provisions of this section shall apply, mutatis mutandis, if after such enquiry as he may deem necessary, the Minister is satisfied that two or more local authorities ought to combine in the preparation of a joint scheme, in which event upon the exercise by the Minister of the authority conferred upon him by sub-section (2) the board shall exercise the powers and perform the duties of a joint committee.

44.

- (1) Upon application made to it by a local authority or by two or more local authorities, the board may, with the prior approval of the Minister, undertake the preparation of a scheme or, as the case may be, a joint scheme, and for that purpose shall have all the powers and be charged with all the duties of the local authority or, as the case may be, a joint committee, under this Ordinance.

- (2) The provision of sub-sections (4) and (5) of section forty-three shall apply in respect of any expenses incurred by the board in complying with any application made under sub-section (1).

45.

The Minister may from time to time out of moneys appropriated by the Parliament for the purpose, advance moneys to any local authority on such conditions as he may prescribe, to enable it to undertake the preparation of a scheme or to carry out and enforce an approved scheme, or for both such purposes, or, alternatively, the Minister may in any special circumstance make a grant of money to any local authority upon conditions to be prescribed by him for any such purpose or purposes.

46.

All expenses incurred by the board in connection with applications for the approval by the Minister of resolutions to prepare schemes, or for the approval by the Minister of schemes, shall be borne by the applicant in every case: Provided that the board may meet such expenses out of its own moneys or out of moneys appropriated by the Parliament for the purpose and advanced by the Minister to the board, and recover the same from the applicant concerned.

47.

- (1) Notwithstanding anything contained in any other law, the ownership of every public place as defined in section 2 which is situate in a local authority area, shall, if it does not already do so, vest in the local authority for the use and benefit of the public, but if any such public place is situate outside a local authority area the ownership thereof shall vest in the State in trust for any future local authority pending the inclusion of such public place in a local authority area when the ownership thereof shall vest in the local authority for the use and benefit of the public: Provided that -

- (a) in respect of any public place the dominium whereof vests in the State, the local authority or, as the case may be, the Minister shall be vested only with the control and management thereof;

[paragraph (a) amended by Ord. 11 of 1973 to substitute "State" for "Crown"]

- (b) every public place shall be held by the local authority or, as the case may be, the State, for the purposes for which it was set apart or which it was intended to serve or which it may by immemorial usage have come to serve;

- (c) such vesting shall not be deemed to impose any greater liability upon the local authority or, as the case may be, the State in regard to the repair and maintenance of public places than is imposed by any other law.

[Subsection (1) is amended by Act 27 of 1993, which (amongst other things) repeats the amendment made to paragraph (a) by Ord. 11 of 1973 (to substitute "State" for "Crown").]

- (2) Whenever any land constitutes or is claimed to constitute a public place by virtue of the right of the public to use it but is not shown or is not shown as a public place upon any general plan or diagram filed of record in the Office of the Surveyor-General or the Deeds Registry and it is desired to have the position of such land defined for any purpose, or if any question or dispute shall arise as to whether any land constitutes a public place, it shall be lawful for the Minister, upon the application of the local authority within whose area such land is situated, or at his own instance, to appoint a commission of three persons to enquire into and report upon such matter.

- (3) *[subsection (3) deleted by Ord. 13 of 1970]*

- (4) Upon receipt of the report of the commission the Minister shall decide the matter in issue and such decision shall be final and binding upon all parties concerned; provided that the effect of such decision shall be notified for public information by notice in the Gazette.

- (5) If the effect of any decision referred to in subsection (4) is that the land in question constitutes a public

place the ownership of which vests in the local authority within whose area such public place is situate, or in any other case of the State in trust, the local authority or the Minister shall cause a diagram thereof to be prepared and submitted to the Surveyor-General for approval and upon the approval of that diagram may proceed under the Deeds Registries Act, 1937 (Act 47 of 1937) or the Registration of Deeds in Rehoboth Act, 1976 (Act No. 93 of 1976), for the purpose of securing transfer of such public place.

[subsection (5) amended by Act 27 of 1993 and by Act 15 of 2000, which also inserts the superfluous word "of" in the phrase "in any other case of the State in trust"; the phrase, which seems to refer to the vesting of ownership, may have been intended to be "in any other case in the State in trust".]

- (6) The costs and charges incurred by any commission in the discharge of its powers and duties and any other costs and charges incurred in carrying out any of the provisions of this section shall be a charge against the revenue fund of the local authority by or on whose behalf such costs or charges were incurred, but otherwise they shall be borne by the State Revenue Fund.

[section 47 amended by Ord. 11 of 1973 to substitute "commission" for "board" throughout]
