Chapter X GENERAL AND SUPPLEMENTARY PROVISIONS

60. Entering upon or taking possession of land to exercise powers or duties

Subject to the provisions of section 65(1) the Executive Committee or any person authorised thereto by it may, in the exercise or execution of the powers or duties granted to it or him or imposed upon it or him by this Ordinance, at any time enter upon or take possession of any land after having handed a written notice of its or his intention to do so to the owner, lessee or occupier of such land or, should the owner, lessee or occupier of such land not be found thereon, without any notice whatsoever.

61. Authorised persons may exercise powers

Wherever any rights or powers are granted to the Executive Committee in this Ordinance such rights and powers shall also be given to every person duly authorised by the Executive Committee or lawfully acting on its behalf.

62. Undermining of proclaimed roads

Wherever public safety necessitates the deviation or reconstruction of a proclaimed road because the ground has been undermined subsequent to the construction thereof, the Executive Committee may, after consultation with the mine owner, mining company or underminer concerned, reconstruct or repair the original road or, if necessary, deviate it and recover the cost of such reconstruction, repair or deviation from the mine owner, mining company or underminer concerned.

63. Minor roads and private roads shall turn off from trunk and main roads at approved places only

- (1) No minor road or private road shall turn off from a trunk or main road at any place other than a place approved by the Executive Committee.
- (2) Any person who constructs a minor road or a private road contrary to the provisions of subsection (1) or causes it thus to be constructed and any person who maintains a minor road or a private road so constructed, or causes it to be maintained, shall be guilty of an offence.

64. Closing or deviation of minor roads

- (1)
 - (a) Whenever the owner, lessee or occupier of a farm desires the closing or deviation of a minor road crossing such farm, or a portion thereof, he shall in writing apply therefor to the chairman of the board (hereinafter referred to as the chairman) in the district of which that road or that portion of the road to which the application refers, is situated.
 - (b) When submitting such application the applicant shall furnish the chairman with -
 - (i) a sketch of the area concerned on which the road concerned and all other roads in the area are shown; and
 - (ii) the names of the other farms crossed by the road concerned; and
 - (iii) the names and addresses of the owners, lessees or occupiers of such farms.
- (2)
 - (a) The chairman shall then, at the applicant's cost, make known the application by notice published in at least one newspaper circulating in that area and shall send a copy of such notice by registered post to the owner, lessee or occupier of every farm crossed by such road, whose name and address have been furnished to him.
 - (b) Such notice shall command every person having any objection to the proposed closing or deviation of the road, or portion thereof, concerned to lodge his objection in writing with the officer or person mentioned in such notice within a period of thirty days of the date mentioned in such notice.
- (3) Should no objections to the closing or deviation of the road, or portion thereof, concerned be lodged within the said period of thirty days, the chairman shall notify the applicant in writing that he may close or deviate such road or such portion of the road.
- (4)
 - (a) Should objections to the closing or deviation of the road, or portion thereof, concerned however be

- received, the chairman shall submit the application together with all the objections so received, to the board as soon as possible thereafter for consideration thereof and a decision in connection therewith.
- (b) All decisions by the board in connection with such an application and the reasons for such decisions shall be recorded.
- (c) Should the board decide that the road, or portion thereof, concerned may be closed or deviated, the chairman shall notify the applicant and all persons who lodged objections to it in writing of the board's decision and he shall at the same time inform the applicant that the road, or portion thereof, concerned shall not be closed or deviated before he has received a written notice authorising him to do so from the chairman.
- (5) (a) Any person who has lodged an objection to the closing or deviation of the road, or portion thereof, concerned with the board, may, within a period of thirty days of the date mentioned in the notice referred to in subsection (4)(c) appeal to the Executive Committee against the decision of the board that the road may be closed or deviated.
- (b) Such appeal shall be noted by sending a written notice in which the grounds of the appeal are stated to the chairman by registered post.
- (6) Should no such notice of appeal be lodged with the chairman within the period of thirty days referred to in subsection (5)(a) he shall notify the applicant in writing that he may close or deviate the road, or portion thereof, concerned.
- (7) (a) Upon receipt of a notice of appeal against the decision of the board that the road, or portion thereof, concerned may be closed or deviated, the chairman shall forward it together with the minutes of the proceedings of the board, as far as they may refer to the application concerned and the objections lodged to it, to the Director of Roads if it has not already been forwarded to him and the Director of Roads shall submit it to the Executive Committee.
- (b) The Executive Committee may in its discretion decide which road arrangement shall be made in terms of the application and should it decide that the road, or portion thereof, concerned may be closed or deviated, the chairman shall communicate the decision of the Executive Committee to the appellant and the chairman shall notify the applicant in writing that he may close or deviate such road or portion thereof.
- (8) When the applicant has closed the road, or portion thereof, concerned in terms of the provisions of this section, whether by the erection of a fence across it or in any other way whatsoever, he shall immediately, in accordance with the provisions of the Road Traffic Ordinance, 1967 (Ordinance 30 of 1967) and the regulations made and in force thereunder, erect a road traffic sign indicating that such road has been closed to traffic at the place or places where the road, or portion thereof, concerned has been closed and he shall properly maintain such road traffic sign for a period of at least six months.
- (8A) When the applicant has deviated the road, or portion thereof concerned in terms of the provisions of this section, he shall immediately -
- (a) close, whether by the erection of a fence across it or in any other way whatsoever, the road or portion thereof which was previously used as road but as a result of the deviation thereof will no longer be used as road; and
- (b) in accordance with the provisions of the Road Traffic Ordinance, 1967 (Ordinance 30 of 1967), and the regulations made and in force thereunder, erect a road traffic sign indicating that such road has been closed to traffic at the place or places where the road, or portion thereof concerned has been closed as a result of the deviation and he shall properly maintain such road traffic sign for a period of at least six months.

[Subsection (8A) is inserted by Ord. 10 of 1974. Although Ord. 10 of 1974 directs substitutions of the phrases "close or deviate" and "closed or deviated" for the words "close" and "closed", respectively, wherever they occur in section 64 except in subsection (8), this directive does not seem applicable to this subsection, which was inserted by the same amending Ordinance – and would create an absurdity if so applied.]

- (9) Any person who -
- (a) closes a minor road without having been notified in writing in terms of the provisions of this section that he may do so;
- [Although Ord. 10 of 1974 directs substitutions for the words "closing", "close" and "closed" wherever they occur in section 64, except in subsection (8), there is no corresponding directive regarding the substitution of the expression "closes or deviates" for the word "closes".]*
- (b) fails to erect or maintain a road traffic sign in accordance with the provisions of subsection (8) where a minor road has been closed or deviated

shall be guilty of an offence.

[Section 64 is amended by Ord. 10 of 1974 to substitute the expressions "closing or deviation", "close or deviate" and "closed or deviated" for the words "closing", "close" and "closed", respectively, wherever they occur in section 64, except in subsection (8).]

65. Compensation for encroachment on land

- (1) Whenever any direct damage is caused to any improvements in the course of the opening, construction, maintenance or widening of a proclaimed road, or the establishment of a pont service by or on behalf of the Executive Committee, but in no other case, the owner concerned shall be entitled to damages, the amount of which shall be determined by agreement between the parties, or failing such agreement, by arbitration in terms of the provisions of the Arbitration Act, 1965 (Act 42 of 1965).
- (2) When the Executive Committee -
- (a) across a portion of land within an urban area which is registered as a separate unit in the Deeds Office of the Territory or across a farm of fifty hectares or smaller, proclaims a road where no road previously existed or re-opens a road which has been closed and declares it to be a proclaimed road; and
- [paragraph (a) substituted by Ord. 10 of 1974]*
- (b) determines the course of a road thus proclaimed; and
- (c) declares such road in terms of section 23 to be a trunk, main or district road,
- the owner of the land across which such road has been so proclaimed shall, notwithstanding the provisions of subsection (1) and over and above any damages to which he shall be entitled in terms of subsection (1) be entitled to compensation for the land covered by such road.
- (3) Whenever the Executive Committee has increased the width of the road reserve of a proclaimed road in terms of section 3 the owner of the land concerned shall, notwithstanding the provisions of subsection (1) and over and above any damages to which he shall be entitled in terms of subsection (1), be entitled to compensation for the land covered by such increase of the width of the road reserve.
- (4) When in the course of the construction of a trunk road land remains on both sides or on one side of such road -
- (a) the area of which is smaller than the area of the land taken up by such road and the land which so remains is of no use to the owner thereof; or
- (b) on which the owner shall in terms of the provisions of any law be prohibited from erecting any building; or
- (c) to which no access may be given,

the owner of the land thus remaining, may require the Executive Committee to increase the width of the road reserve of such proclaimed road in such a way that it includes the land thus remaining, in which case the Executive Committee shall be compelled thus to widen the road reserve, and the owner of the land concerned shall, notwithstanding the provisions of subsection (1) and over and above any damages to

which he shall be entitled in terms of subsection (1), be entitled to compensation for the land thus remaining.

- (5) The amount of any compensation to which the owner of land may be entitled in terms of this section shall be determined by agreement between the parties, or failing such agreement by arbitration in terms of the provisions of the Arbitration Act, 1965 (Act 42 of 1965).
- (6) Notwithstanding anything to the contrary contained in this Ordinance the Executive Committee may in its discretion, by way of reasonable relief, authorise the payment of an amount fixed by it, if it is, in any case where no payment of compensation is claimable, of the opinion that damage has been or will be done by the exercising of any power in terms of this Ordinance.

66. Regulations

The Executive Committee may make regulations not inconsistent with the provisions of this Ordinance in respect of any of the following matters:

- (a) the powers, duties and functions of boards established in terms of section 5;
- (b) the control, management and operation of ponts and ponts services;
- (c) subject to the provisions of the Public Service Act, 1957 (Act 54 of 1957), and the Administration Employees Ordinance, 1957 (Ordinance 17 of 1957), the duties and conditions of service of Administration officers or employees charged with the administration or execution of the provisions of this Ordinance;

[The "Administration of South West Africa" and the "Secretary for South West Africa" were removed from the coverage of the Public Service Act 54 of 1957 by RSA Proc. R 112/1980 (RSA GG 7097). The public service in South West Africa was then governed by the Government Service Act 2 of 1980 (OG 4116), which was re-named the Public Service Act 2 of 1980 and replaced by the Public Service Act 13 of 1995. The Administration Employees Ordinance 17 of 1957 (OG 2087), which covered only certain categories of employees, was apparently repealed by Ord. 6/1982 (Whites) (Official Gazette 20 of the Representative Authority of the Whites, dated 1 July 1982); this Gazette has not been located in any of Namibia's libraries.]

- (d) the protection from damage or interference of Administration property or works, including trees, boreholes, wells and improvements within the road reserve of, under or over proclaimed roads;
- (e) the junction of unproclaimed roads with proclaimed roads and control thereof;
- (f) fences on road reserve boundaries or across road reserves and motor grid gates;
- (g) anything which has to be or may be prescribed in terms of this Ordinance;
- (h) generally for the better and more efficacious carrying out of the provisions and objects of this Ordinance.

67. Prohibitions

- (1) No person shall -
 - (a) make use of any vehicle fitted with metal tracks on any tarred proclaimed road;
 - (b) dig out any bogged down vehicle on any proclaimed road unless he repairs the road to the best of his ability immediately thereafter.
- (2) Any person who contravenes or fails to comply with the provisions of subsection (1) shall be guilty of an offence.

68. Offences and penalties

- (1) Any person who contravenes any provision of this Ordinance or fails to comply with any provision thereof with which it is his duty to comply, or with a condition imposed in terms thereof or with a notice, direction or order given or issued in terms thereof, shall be guilty of an offence.

- (2) Any person convicted of any offence in terms of this Ordinance for which no penalty is expressly provided shall be liable to a fine not exceeding two hundred rand or to imprisonment for a period not exceeding six months.

69. Existing roads

Notwithstanding the provisions of this Ordinance all roads constructed in terms of existing laws, shall be deemed to have been constructed in terms of this Ordinance.

70. Repeal of laws

- (1) Subject to the provisions of subsections (2) and (3) the laws specified in the schedule are hereby repealed to the extent set out in the third column thereof.
- (2) All proclamations, notices and regulations made, promulgated or framed in terms of the provisions of any law repealed by this Ordinance shall, if not inconsistent with the provisions hereof, remain in force until revoked or amended in terms of the provisions of this Ordinance: Provided that every proclaimed road proclaimed in terms of the provisions of any law prior to the commencement of this Ordinance shall continue to exist as it has thus been proclaimed and shall retain the classification and number allocated to it.
- [The proviso to subsection (2) is substituted by Ord. 16 of 1973, with the substitution deemed to have come into operation on 1 January 1973 (section 2(2) of Ord. 16 of 1973).]*
- (3) Any proclamation made in regard to any law repealed by this Ordinance, shall remain in force as if it had been made in regard to this Ordinance and shall be deemed to have been made in regard to this Ordinance.

71. Short title and date of commencement

This Ordinance shall be called the Roads Ordinance, 1972, and shall come into operation on a date determined by the Executive Committee and made known by proclamation in the Official Gazette.
